

**Position:** Landscape Construction Manager

**Reports to:** Operations Manager Design Build

Stay Green Inc. is recognized as one of the top 100 national companies in Lawn and Landscapes and as a leading provider of high-quality landscape services since 1970.

We are looking for a Landscape Construction Manager. This position works directly with the client and Production Manager to perform multiple functions in the startup, progression and completion of landscape construction projects. The Construction Manager will perform estimating, take offs, value engineering, change orders, renderings, correspondence and presentation of landscape construction projects. The Landscape Construction Manager provides clear instruction and support to the production team to ensure a quality and profitable project.

The ideal candidate should have at least 4 years of experience with a Bachelor's degree in a related field. The candidate must be highly motivated, independent with the ability to manage multiple projects simultaneously while adhering to hard deadlines. The candidate must be well versed in multiple computer programs utilized to perform the job. The candidate should always be striving to continue their education to help maximize the efficiency of their job performance. The Construction Manager should have knowledge of all landscape functions including softscape, hardscape, irrigation, drainage and plant identification. The candidate must present themselves professionally with the team and with clients. The candidate must be value aligned with Stay Green Inc.

We offer competitive salary, great benefits, and opportunity for advancement!
